Hello Soundcloud,

Thank you for bringing this to my attention.
The song in question is a satire of fascism,
which I felt would be ok on your platform.
It is meant to illustrate the horrors of fascism
by writing from it's own perspective, it reveals
more than a simple refutation ever could.

However, a more literal reading, could perhaps
in Germany be seen as an offense.
I apologize for the error, and the series of tracks
bearing the same name, have been privated.

Hopefully this will resolve things.

I understand you have a hard job, and you must
make decisions like this. I am a shock rocker,
a controversial entertainer, I view my job as
pushing boundaries, and finding that razors
edge of what is allowed without crossing it.

I understand this is probably not possible,
but please in the future, if further issues come up,
please just take down the song in question and i will
private the series again.

I will go through my back catalogue and remove anything
that might be potentially a problem.

I understand that you are a corporation, you must shield yourself
from legal liability in any form, and you may have to remove me
one day. I will try to avoid it, by privating my more controversial works.
If given a warning like this, I will private any series you take issue with,
but I am, or consider myself, one of the most controversial artists in the world,
if you have no choice but to remove me, I will accept that, and will remain
grateful for the opportunity you have provided me with, regardless of the outcome.

Thank you for the reasonable and restrained decision.
I will try to make my catalogue as immaculate as possible.

I am not trying to break your rules, I am try to find them,
know what they are, so I can follow them, and this is often a fine line.

Thank you.

Regards,
Brendan Rose
